

REMARKS

To comply with the previous notice, a clean and separate listing of all the claims is set forth (Claims 1-24 having previously been cancelled).

It was not the intention of the Applicant to file a separate application containing Claims 1-24, as they have been the subject of various divisional applications, some of which have been granted as patents.

It is respectfully requested that the Amendment of June 14, 2004 filed in this Application Serial Number 10/076,257 be entered and that the case be advanced to issue.

Respectfully,

Harold Levine
